

2007 STATE FINALS

PAGE -- Georgia Academic Decathlon

COACH'S AGREEMENT

High schools participating in the Georgia Academic Decathlon must be certified by the Georgia High School Association. Study strategies that are employed must meet the guidelines established by the Georgia High School Association regarding participation in competitive events. This means that students doing research for Academic Decathlon can do that research during the school day. Team members can also meet before school, after school or during the lunch period to prepare for Academic Decathlon. However, team members cannot meet with the team coach(es) during the school day

We have read, honored and followed the above statement with reference to preparing our team members for state competition of the PAGE—Georgia Academic Decathlon.
