

**SB 1122 school consolidation elections; majority vote (S. Allen)**

- Removes the requirement for school district consolidations that the majority of votes cast in each district approve the consolidation, and instead requires only the majority of total votes cast to approve the consolidation.
- Removes the requirement for a consolidation of parts of two or more school districts that a majority of voters in the unaffected parts of a school district or districts and a majority of voters in the part of a school district or districts proposed for consolidation approve the consolidation.
