

Georgia Trauma Care
NETWORK COMMISSION

Posted: 20 July 2010

The next Trauma Commission's EMS Subcommittee on Trauma meeting will be Tuesday, 03 August 2010 from 10:00 am until 12:00 noon at the Mid Georgia Ambulance Training Center, located at 252 Holt Avenue, Macon, Georgia 31201.

This 2-hour subcommittee meeting will include a short overview by representatives from Georgia Tech Research Institute on the EMS AVLS Program the Trauma Commission is piloting in EMS Region 5 and 6.

We would like to provide an overview of the Georgia Trauma Communications Center (TCC) during the September EMS Subcommittee on Trauma meeting. As the goal is to have an EMS Subcommittee on Trauma meetings the first Tuesday of each month, that meeting is tentatively planned for Tuesday, 07 September.
