Joe Sam Robinson, M.D.
Trauma Physician
Representative

Kurt Stuenkel, FACHE
Rural Hospital
Trauma Center
Representative

Kelli Vaughn, R.N.
Trauma Coordinator
Representative

Jim Pettyjohn
Commission Administrator

The Georgia Trauma Care Network Commission is striving to provide the most accurate and credible data to the State Legislature regarding the costs of trauma care in Georgia's designated trauma centers.

To that end, the Georgia Trauma Commission's Trauma Care Economic Subcommittee has developed a new readiness cost determination methodology, which needs to be vetted for implementation by Georgia's Trauma Centers.

On Wednesday, 16 December 2009 from 8:30 am until 10:45 am, the Georgia Trauma Commission in collaboration with the Georgia Hospital Association is providing a webinar for Georgia's designated trauma centers in order to share this new methodology and begin a process for trauma center readiness cost determination.

The public access site for this webinar is: Trice # 12 in the Peyton Anderson Health Education Center, 877 Hemlock Street, Macon, Georgia, 31208. No RSVP required. The room will open at 8:15 am. Handouts will be onsite.

Agenda attached.

Regards,

Jim Pettyjohn
