

SINGAPORE MATH TRAINING
For
TEACHERS NEW TO SINGAPORE MATH

Johnson High School
Hall County School System
Gainesville, GA

July 24 - 25 2008 8:00 AM - 3:00 PM

Grade Level specific strategy training for grades 1-4 teachers

This training is designed for classroom teachers who are implementing Singapore math and support teachers who will be teaching, co-teaching, or providing Singapore Math support with their students

Cross Grade Level strategy training

The Cross grade level strategy training is designed for teachers who will be teaching Singapore Math to students in more than one grade level (Special Education, EIP, ESOL and Gifted). It will provide an overview of the Singapore Math strategies for grades 1-4.

Curriculum Directors, Math Supervisors, Principals, Assistant Principals, and Instructional Coaches who want to learn more about Singapore math are welcome.

Instructors : Our instructors are Hall County teachers who have one to two years experience teaching Singapore Math in the elementary classroom and who have participated in a training session based on the book *Elementary Mathematics for Teachers* by T. H. Parker and S. J. Baldrige.

SINGAPORE MATH TRAINING
for
TEACHERS NEW TO SINGAPORE MATH

Johnson High School
Hall County School System
Gainesville, GA

July 24 - 25 2008 8:00 AM - 3:00 PM

Training Goals:

During this two day professional learning workshop the teachers will participate in:

- An overview of how the Singapore Math program was developed, why it has been successful, and background knowledge of the Singapore educational system
- A review of the Singapore Math Standards edition teacher's guides, student books, tests, and resources
- Singapore Math strategy training through hands-on activities and instruction through the use of manipulatives
- Sample lessons taught by the instructors
- Instructions on how to successfully begin the school year with Singapore Math
- Suggestions on how to communicate with parents about Singapore Math and homework
- Review of how the Every Day Counts program compliments Singapore Math

Throughout the workshop the trainers will share implementation tips, teacher made manipulatives, and answer questions.

REGISTRATION

Online registration is available at www.educationleader.org

If you need to register using funds expiring June 30, please call or email for special arrangements.

- Regular education classroom teachers, please register for your grade level training.
- Special education teachers or EIP teachers who will be co-teaching math, please register for grade level specific training.
- The cross grade level strategy training is designed for teachers who will be teaching Singapore Math to students in more than one grade level (Special Education, EIP, ESOL and Gifted). Training will provide an overview of the Singapore Math strategies for grades 1-4.
