

## **Data Analysis for Improving CCRPI Performance**

At West Georgia RESA  
with Bobby Smith  
(3 days to choose from)  
October 27th, 28th or 29th  
8:30 am– 3:30pm

This session will lead participants through an in-depth analysis of their own school-wide data to identify the “low hanging fruit” to increase CCRPI scores. Because of the impending impact on Teacher and Leader Annual Evaluations, a special focus will be provided on the Progress and Achievement Gap points.

Participants will also align plans, select strategies, and set school improvement goals to meet the CCRPI challenge.

**Fee: \$50 (RESA) \$75 (Non-RESA)**
