

Going Digital in the Elementary Social Studies Classroom

Instructor: Laura Evans

Date: 3/22/2016

Time: 8:30 AM - 3:30 PM

Tuition:
\$15.00

Non West Ga RESA Fee:
\$15.00

Georgia Public Broadcasting (GPB) has a long-standing tradition as an educational leader across the state. Resources include locally produced content, broadcast programming, professional development, and digital education resources across ALL subject areas through our partnerships with Discovery Education and PBS LearningMedia.

In this session, participants will walk away with digital learning strategies that will engage students and improve learning outcomes in the elementary social studies classroom. Educators will not just learn how to use GPB's free resources, but also how to create high quality learning experiences for their students.

Lunch will be provided

Please bring a laptop to this session
