What is Georgia TAPP?

The Georgia Teacher Alternative Preparation Program (GaTAPP) is a classroom-based teacher preparation option for individuals who have the basic qualifications to teach early childhood, middle-grades, secondary or P-12 education but have not completed a teacher preparation program. The program is not intended to replace regular college teacher education programs. It is, instead, an alternative option for individuals who hold a bachelor's degree or higher but who did not complete teacher education requirements as part of their degree programs. Georgia TAPP seeks to equip teacher-candidates with the skills to ensure a reasonable expectation of initial success in their classrooms, and to put in place a supervised internship/induction program that will help them move toward subsequent mastery of teaching. We serve only candidates that have secured a full-time teaching position in one of our participating member systems. Those systems are Carrollton City, Carroll County, Harris County, Heard County, Meriwether County and Troup County.

All candidates are required to attend a two- week course: "Essentials of Effective Teaching".
