MIDDLE GEORGIA RESA ENDORSEMENT APPLICATION INSTRUCTIONS

According to GAPSC Rule 505-3--1, Endorsements are, "A planned sequence of courses and experiences, typically three (3) to four (4) courses in length, designed to provide certified educators with an additional, specific set of knowledge and skills, or to expand and enhance existing knowledge and skills. Successful completion of an endorsement program results in the addition of the endorsement field to the Georgia educator certificate." All endorsements and programs have job-embedded practice. Candidates must ensure that they can accomplish the clinical practice required for each endorsement or program, which will require working with students and staff, as applicable.

To be approved for an endorsement program, register online at www.mgresa.org AND submit the following:

- Completed Application (please be sure all sections 1-4 are completed and signed)
- Copy of Teaching Certificate
- Completed Participant Agreement
- Payment for course by registration deadline

If your district or school is paying, we need the name, address and email address of the person receiving the invoice (Section #3 of application).

Submit all documents to Christina Pearson at cpearson@mgresa.us or fax to 478-988-7176.

- ❖ Once enrolled, expect an email from GAPSC with instructions on how to log into your MyPSC account and accept MGRESA as your provider.
- ❖ An email will be sent on the first day of class with instructions on how to login and begin your class. You may be required to log on for an orientation webinar on the first day at a designated time – if so, you will receive instructions for that as well.
- ❖ Upon program completion, an endorsement transcript will be provided. Log into your MyPSC account, complete an application for upgrade, and upload the MGRESA Endorsement Transcript. Your system will automatically receive an email to verify your employment.
- ❖ Remember, you must have district approval and have the course of study in your TKES Goals/Plan in order to use the credit for certificate renewal.

Professional Dispositions Assessment

Professional dispositions are defined as the values, commitments, and professional ethics that influence behaviors toward students, families, colleagues, and communities and affect student learning, motivation, and development as well as the educator's own professional growth.

During each course, your instructor will provide you with formative feedback on your development and demonstration of the MGRESA Professional Dispositions adapted from and used with permission from Mercer University. At the end of each course, the instructor will score the summative Professional Dispositions Rubric. No grade or score from the dispositions assessment will affect your course grade. Even though it will appear in your list of assignments, you do not have to submit anything for this assessment to occur. You will, however, need to go into the assignment to see the rubric used to give disposition feedback. Your instructor will help you identify the areas where improvement are indicated and help you make a plan to grow, if necessary. **Candidates must score 4 or 3 in all areas on the rubric prior to program exit. Remediation plans are made for professional growth in areas that are indicated as level 2, 1, or 0.**

Interstate Teacher Assessment and Support Consortium (InTASC) Model Standards

The InTASC standards are a set of model core teaching standards that outline what teachers should know and be able to do to ensure every K-12 student reaches the goal of being college and career ready. The standards outline common principles and foundations of teaching practice that are necessary to improve student achievement. The standards articulate what effective teaching and learning looks like. Georgia Professional Standards Commission (GAPSC) requires that approved endorsements and programs ensure that candidates use the InTASC standards to guide the quality of their work and set professional goals for continuous improvement. Use the InTASC standards as you plan instruction and assessment throughout the program and beyond. You may find the InTASC standards are very helpful as you accomplish your Professional Learning Goals (PGPs) as they have progression rubrics and suggestions for evidence.

ISTE- International Society for Technology in Education Standards

The ISTE Standards work together to support educators, students, and leaders with clear guidelines to prepare students with the skills necessary to face future challenges resourcefully. ISTE standards endeavor to move away from the factory model of education toward using digital tools to inspire students to become self-sufficient, lifelong learners. Georgia Professional Standards Commission (GAPSC) requires that approved endorsements and programs ensure that candidates use the ISTE standards to guide the planning, instruction, and evaluation of technology by students, educators, and leaders. Candidates are to utilize the ISTE Standards as they accomplish the tasks for personal growth and enhancing student use of digital learning tools.
