

AgExpo

Looking to the Future

Presented By
North Carolina Vegetable Growers Association
North Carolina Agribusiness Council

2019 AgExpo Continuing Education & Certification Program Credits

Continuing education credits for Certified Crop Advisors and NC Pesticide License

Session 5	Managing Auxin Drift with BMPs (NODX, 1hr) ; <u>also</u> Auxin 2020.
Session 15	Pickling Cucumber (NODX, 1 hr)
Session 16	Vegetable Diseases (NODX, 1.5 hr)
Session 17	Cole Crops (NODX, .5 hr)
Session 19	Top 10 Pesticide Violations (NODX, 1hr)
Session 20	Respiratory Protection (NODX, 1hr)
Session 21	Sweet Potato (NODX, 1.5 hr)
Session 22	Vegetable Diseases (NODX, 1.5hr)
Session 23	Tomato & Pepper (NODX, 1.5 hr)
Session 35	Worker Protection Standard Compliance (NODX, 1hr)
Session 38	Cucurbit Crops (NODX, 1 hr)
Session 39	Alternative Crop – Hemp Production (NODX, 1hr)
Session 45	Pesticide Applicators & Bees, Living in Harmony (NODX, .5 hr)

NC Agribusiness Council's AgEmployer Certification Program

Session 1	Farm Labor Requirements (1hr)
Session 4	Grower & Supervisor Relations (1hr)
Session 6	Workplace Behavior, Complaints & Investigations (1hr)
Session 9	Agricultural Health & Safety (1hr)
Session 12	Child Labor Prevention & Youth Employment Laws (1hr)
Session 19	Top 10 Pesticide Violations (1hr)
Session 24	Housing & Transportation (.5hr)
Session 27	Workers' Compensation (.5hr)
Session 30	Hiring, Complaints, Discipline & Firing (1hr)
Session 33	Leadership Tools for Successful Supervisors (1hr)
Session 35	Worker Protection Standard Compliance (1hr)
Session 40	Wage & Hour Overview (1hr)
Session 42	H2A Labor: Cost Calculator (1hr)

SC Pesticide Recertification Credits are being offer for the following session

Session 5	Managing Auxin Drift with BMPs 1
Session 15	Pickling Cucumber 0.5
Session 16	Vegetable Diseases 1.5
Session 17	Cole Crops 0.5
Session 19	Top 10 Pesticide Violations 1
Session 20	Respiratory Protection 1
Session 21	Sweet Potato 1.5
Session 22	Vegetable Diseases 1.5
Session 23	Tomato & Pepper 1.5
Session 35	Worker Protection Standard Compliance 1
Session 45	Pesticide Applicators & Bees, Living in Harmony 0.5

THURSDAY, DECEMBER 5, 2019
LUNCH - 12:00 PM TO 1:30 PM
CONCURRENT SESSIONS - 1:30 PM TO 5:00 PM

12:00 - 1:30	Lunch Keynote Address: North Carolina Agriculture Commissioner - <i>Honorable Steve Troxler</i>	Ballroom DEF
--------------	---	---------------------

THURSDAY AFTERNOON CONCURRENT SESSIONS - 1:30 PM TO 5:00 PM

Session 1 1:30 – 2:30	Farm Labor Requirements <i>Amy Wolfe, AgSafe President, CEO</i> What is the difference between a farm labor supervisor, crew leader and contractor? Who needs to be a registered farm labor contractor and who doesn't? Are farm labor services more valuable if provided by a registered farm labor contractor? In this session, an overview of the federal and state requirements will be reviewed – including a discussion about proper registration and completion of appropriate forms to help ensure compliance with applicable rules and regulations – and why this is important to growers.	Room 106
Session 2 1:30 – 2:30	Season Extension with High Tunnels <i>Dr. Sanjun Gu, NC A&T State University, Extension Specialist, Horticulture</i> High tunnels are proven low-cost tools that help small farms make more profits by extending the growing and harvesting seasons. This workshop will cover high tunnel basics. Topics include high tunnel structure and construction, microclimate and its management, crop choices, economics, and key practices for vegetable production.	Room 107
Session 3 1:30 – 2:00 2:00 – 2:30 2:30 – 3:00	Marketing - Kevin Hardison, NCDA&CS <i>Where Do We Go From Here, Kevin Hardison, NCDA & CS</i> <i>Business Sources for the Farm (Panel Discussion), Kevin Hardison, Moderating</i> <i>NCDA&CS Resources You Might Not Know</i>	Room 105
Session 4 2:30 – 3:30	Grower and Supervisor Relations <i>Angelina Ceja, AgSafe, Dir. of Education</i> What should a grower look for in a good supervisor? What should a supervisor expect from a good grower? Are contracts a good idea – and what should they include? And what are the responsibilities of both growers and supervisors when it comes to the workers? These are just a few of the topics that will be covered.	Room 108
Session 5 2:30 – 3:30	Managing Auxin Drift with BMPs <i>Katie Jennings, NCSU</i> Spray drift of Auxin herbicides away from the target is an important and costly problem facing both commercial and private applicators. This session focuses mainly on conditions that cause drift and best management practices to reduce the potential of drift. This session will count for 2020 training requirement.	Room 106
Session 5A 2:30 – 3:30	Financial Workplace: Measuring Success <i>Dave Morris and Scott Jackson, Farm Credit Associations of NC</i> A successful farming operation is dependent upon many factors including the ability to make sound financial decisions and understand the impact of those decisions. Financial records are often the most overlooked part of any small business, but without them it is impossible to tell where your business stands today or where it is headed. This workshop will help attendees better understand key financial statement components and understand the need for accurate and timely financial statements in order to become even more effective business managers.	Room 107
3:00 – 4:00	Break	Exhibitor Hall
Session 6 4:00 – 5:00	Workplace Behavior, Complaints and Investigations - <i>Natalie Gupton, AgSafe, Director of Business Services and Industry</i> In this session, you will learn to identify signs of harassment, discrimination, retaliation and abusive conduct –as well as develop a workplace policy that includes an effective grievance/compliant program for your workers and other prevention strategies, including best practices for workplace investigations.	Room 106

Session 7 4:00 – 5:00	Become GAP Ready <i>Dr. Jimo Ibrahim, NC A&T State University, Farm Safety and Health Specialist</i> This training will prepare farmers for basic USDA Good Agricultural Practices (GAP) certification. Farmers will learn about the Food Safety Modernization Act, (FSMA), and be able to differentiate between Good Agricultural Practices (GAP) and the Food Safety Modernization Act, (FSMA).	Room 108
Session 8 4:00 – 4:30	Food Safety Resources <i>Angelina Ceja, AgSafe, Director of Education</i> The passage of the Food Safety Modernization Act (FSMA) has brought increased requirements for fresh produce growers. Come learn about food safety resources available including free videos to train your employees and keep your produce safe.	Room 107
5:00	Exhibit Hall Opens	
5:00 – 5:30	NC Agribusiness Council Membership Meeting	Room 105
5:00 – 5:30	NC Vegetable Growers Association Membership Meeting	Room 107
5:30 – 7:30	Networking Reception/ DINNER ON YOUR OWN	
7:30	Exhibitor Hall Closes	
FRIDAY, DECEMBER 6, 2019 BREAKFAST - 7:30 AM TO 8:30 AM FRIDAY MORNING CONCURRENT SESSIONS - 8:30 AM TO 12:00 PM LUNCH - 12:00 PM TO 1:30 PM		
7:00	Exhibit Hall Opens	
7:30 - 8:30	Breakfast Keynote Address: Today's AgLabor Challenge <i>Andrew Jackson, Andrew Jackson Law, Legal Ag Workers</i>	Ballroom DEF
Session 9 8:30 - 9:30	Agricultural Health and Safety <i>Natalie Gupton, AgSafe Director of Business Services and Industry</i> Keeping workers safe and healthy is a top priority for any good supervisor. Learn how to develop injury and illness prevention and safety programs - including heat illness prevention, pesticide safety, field sanitation, proper handheld tool use, ladder safety, machine guarding, lockout/tag out, electrical hazards, slip & fall prevention, personal protective equipment, and operation of ag equipment.	Room 106
Session 10 8:30 - 9:30	Heirloom Tomatoes & Baby Ginger/Customer Preference/Value-Added Opportunities , <i>Dr. Janine Parker, NC A&T State University, Mktng & Agribusiness Specialist</i> This training will focus on heirloom varieties that have more customer and restaurant appeal; and it will focus on value-added opportunities for baby ginger.	Room 107
Session 11 8:30 - 9:30	African Swine Fever Update <i>Dr. Mike Neault, NCDA&CS, Veterinary Division</i> Since the introduction of ASF in China in August 2018, this disease of swine has spread unchecked across China and surrounding countries. Is North America next? What is the U.S. doing to prepare for and respond to the introduction of this virus?	Room 108
Session 12 9:30 - 10:30	Child Labor Prevention & Youth Employment Laws <i>Amy Wolfe, AgSafe, President, CEO</i> The youth are the future – both for the family, the farm, the community and the nation. In this session you will learn the difference between child labor and youth employment (legal). Also covered will be a review of appropriate age/task that youth can legally perform on the farm; as well as additional restriction, safety precautions different than what is needed for adult workers.	Room 105

Session 13 9:30 - 10:30	Working with Farmers with Disabilities, using Technology on Farms <i>Dr. Crystal Kyle, AgrAbility Director/AgroMedicine Coordinator</i> Farmers who are ill or physically impaired can often keep farming, with help from Arability. NC is a leader in Agriculture which lends to the need for farmers to have access to resources on how to remain safe and productive on farms across NC. This workshop will cover critical areas every farmer will need in order to remain sustainable.	Room 106
Session 14 9:30 - 10:30	Post-Harvest Research: Developing Innovative Solutions <i>Dr. Leonard Williams, NC A&T State University, Director of the Center for Excellence and Post-Harvest Technologies</i> North Carolina Agriculture provides tremendous economic impact to our economy so ensuring food safety and quality helps to provide a competitive advantage. Researchers at North Carolina Agricultural and Technical State University are conducting food safety research that is adding value to NC agriculture commodities. In this session, a brief update of several food safety related research projects will be shared.	Room 107
10:30 - 11:00	Break	Exhibitor Hall
Sessions 15 10:00 – 10:30 10:30 – 11:00 11:00 – 11:20 11:20 – 12:00	Pickling Cucumber - Jonathan Schultheis, NCSU NC Pickle Producers Association Meeting, <i>Bob Quinn, Mt. Olive Pickle</i> Recent Advances in Management of Cucurbit Downy Mildew in Picking Cucumber and Cucurbit Crops. <i>Kim D’Arcangelo, Mike Adams and Lina Quesada-Ocampo, NCSU</i> Potential Herbicide Injury Considerations, <i>Katie Jennings, NCSU</i> Strategies for Improving Yield & Quality of Parthencarpic Cucumbers, <i>Robert Grohs, Rijk Zwaan</i>	Room 108
Sessions 16 10:30 – 10:50 10:50 – 11:10 11:10 – 11:30 11:30 – 11:50	Vegetable Diseases 1 <i>Lina Quesada-Ocampo, Inga Meadows, Adrienne Gorny and Lisa Rayburn, NCSU</i> Grafted Tomatoes with Late Blight Resistance for the Organic Market, <i>Inga Meadows, Amanda Strayer-Scherer and Suzetter Sharpe, NCSU</i> South Carolina Cantaloupe Disease Survey—2019 Results, <i>Anthony Keinath, Clemson University</i> Integrated Strategies for Management of Phytophthora Blight of Pepper, <i>Camilo Parada, Mike Adam and Lina Quesada-Ocampo, NCSU</i> Management of Guava Root Knot Nematode on Sweetpotato, <i>Adrienne Gorny, Hunter Collins, and Lina Quesada-Ocampo, NCSU</i>	Room 107
Sessions 17 10:30 – 11:00 11:00 – 11:30 11:30 – 12:00	Cole Crops <i>Zach Snipes, Clemson University</i> East Coast Broccoli Project Update (Variety Releases, Grower Trials, and Industry Outlook), <i>Brian Ward, Clemson University</i> Weed Management for Direct Seeded and Transplanted Cole Crops, <i>Matt Cutulle, Clemson University</i> Carolina Broadleaf Mustard and Other USDA Processing Releases, <i>Brian Ward, Clemson University</i>	Room 106
Session 18 - 11:00 – 12:00	Integrated Marketing: Building Your Market <i>Dr. Janine Parker, NC A&T State University, Marketing and Agribusiness Specialist</i> This training will focus on a multi-method marketing approach to increase market access and build customers.	Room 105
Session 19 11:00 - 12:00	Top 10 Pesticide Violations <i>Natalie Gupton, AgSafe, Director of Business Services and Industry Relations</i> Join the discussion about the top 10 pesticide violations in North Carolina. This session will help you navigate the regulation requirements while offering suggestions for compliance solutions.	Ballroom A
Session 20 11:00 - 12:00	Respiratory Protection <i>Robin Tutor Marcom, NC AgroMedicine Institute</i> Respiratory exposures and prevention of respiratory illness is an important aspect of Agricultural Health and Safety. Learn more about medical clearance, respirator fit test, selection, use and care of respirators.	Ballroom B

12:00 – 1:30	Lunch Presentation of Lifetime Service to Agriculture Award Larry Wooten, NC Farm Bureau	Ballroom DEF
Session 21	Sweet Potato <i>Brandon Parker, NCSU</i>	Ballroom A
1:30 – 2:00	Control Options for Sweet Potato Black Rot, <i>Madison Stahr, Hunter Collins, Lina Quesada-Ocampo, NCSU</i>	
2:00 – 2:30	Insect Management in Sweet Potato - Now and In The Future, <i>Anders Huseeth, NCSU</i>	
2:30 – 3:00	Guava Root Knot Nematode Concerns - How will this Pest Affect Your Farm or Packing Operation?, <i>Brandon Parker, NCSU</i>	
Session 22	Vegetable Diseases 2 <i>Lina Quesada-Ocampo, Inga Meadows, Adrienne Gorny and Erin Eure, NCSU</i>	Ballroom B
1:30 – 1:50	Which Fungicides Reduce Spread of Gummy Stem Blight on Watermelon?, <i>Anthony Keinath, Clemson University</i>	
1:50 – 2:10	Management Strategies for Sclerotinia Drop of Lettuce, <i>Kim D'Arcangelo, Mike Adams and Lina Quesada-Ocampo NCSU</i>	
2:10 – 2:30	New Options for Management of Powdery Mildew on Cucurbit Crops, <i>Kim D'Arcangelo, NCSU</i>	
2:30 – 2:50	Cultural and Chemical Control of Watermelon Fusarium Wilt, <i>Hunter Collins, Mike Adams and Lina Quesada-Ocampo NCSU</i>	
Session 23	Tomato & Pepper <i>Tommy Batts, NCSU</i>	Ballroom C
1:30 – 2:00	Management of Foliar and Bacterial Diseases of Tomato in NC, <i>Inga Meadows, NCSU</i>	
2:00 – 2:30	Insect Pest Management Recommendations for Fruiting Vegetables, <i>Jim Walgenbach & Tom Bilbo, NCSU</i>	
2:30 – 3:00	Weed Management in Tomato and Pepper, <i>Katie Jennings, NCSU</i>	
Session 24	Housing and Transportation <i>Amy Wolfe, AgSafe, President, CEO</i>	Room 106
1:30 – 2:00	Is it provided? What are the requirements to be in compliance? Who is required to provide housing & transportation? Who is responsible for following the rules and keeping appropriate records? These are just a few of the questions that will be covered in this session to ensure better compliance.	
Session 25	Food Traceability with Blockchain <i>Nick Gaski, Kaleido</i>	Room 107
1:30 – 2:30	Food Safety Experts are talking about blockchain and food traceability, and how it could transform the entire food industry, by increasing efficiency, transparency and collaboration throughout the food system ... but how can this new technology help NC growers be more profitable?	
Session 26	Diversification - Small Farmers Stay Relevant <i>Ms. Alyssa McKim, NC A&T State University, Community Garden Coordinator</i>	Room 108
1:30 – 2:30	Diversification of crops, growing techniques and markets are necessary for today's small farmers to compete in today's market. In this workshop we will discuss examples of small farm operations in N.C that are implementing diversification and thriving as a result.	
Session 27	Workers' Compensation <i>Angelina Ceja, AgSafe, Director of Education</i>	Room 105
2:00 – 2:30	Is it required? What does it cover? Does the grower need to provide it? What if there is an injury or illness on the farm – what are the responsibilities of the worker, the supervisor, the grower? This session will discuss workers' compensation and related laws.	

Session 28 2:45 – 3:45	Urban Agriculture <i>Ms. Alyssa McKim, NC A&T State University, Community Garden Coordinator</i> Often Urban Agriculture is overlooked as a viable economic development tool. This workshop will introduce the key benefits and challenges that urban agricultural producers face.	Room 108
Session 29 2:45 – 3:45	Managing Animal Mortality thru Composting <i>Joe Hudyncia, Environmental Programs, NCDA&CS</i> Temporary surges in on-farm animal mortalities associated with disease or disaster events have always presented challenges for proper disposal of animal carcasses. Over the past 20 years, increasing focus on sound environmental management has driven the adoption of animal mortality composting as a viable disposal alternative at any scale.	Room 106
Session 30 2:45 – 3:45	Hiring, Complaints, Discipline & Firing <i>Natalie Gupton, AgSafe, Director of Business Services and Industry Relations</i> Who is the human resources department on the farm? In this session, the hiring process will be discussed to include effective processes for hiring the best workers as well as a review of all necessary paperwork that needs to be completed, filed and retained to be in compliance with laws. But hiring a good worker is just the first step. You don't want to waste the time and effort spent on hiring a good worker, just to have problems arise that require you to hire a replacement worker. Learn how a reliable complaint program can help solve problems. And what is a progressive discipline program – can it help turn a problem into a positive for the worker, supervisor and farmer?	Room 107
Session 31 3:00 - 4:00	– Dealing with Farm Stress <i>Robin Tutor Marcom, NC AgroMedicine Institute</i> There are many pressures in agriculture today which means that stress is a harsh reality. Recognizing signs/symptoms of depression, anxiety, suicide issues and how stress affects health and wellness is crucial. Come to this reason to learn about farm-related stresses and tools available to address it.	Room 105
3:00 - 4:00	Break	Exhibitor Hall
Session 32 4:00 - 5:00	Preparing for FSMA thru On-Farm Readiness Review <i>Christopher Harris, Food & Drug Protection Division, NCDA&CS</i> An NCDA&CS, Produce Safety Program presentation on the Produce Safety Rule and how produce farmers can take advantage of the On-Farm Readiness Review program to prepare for Produce Safety Inspections.	Room 106
Session 33 4:00 - 5:00	Leadership Tools for Successful Supervisors <i>Angelina Ceja, AgSafe, Director of Education</i> Everybody wants to make more money! The leadership tools discussed in this session will help supervisors become more valuable to growers. Topics to be reviewed include identifying qualities of a successful supervisor, including improvement of communication skills; effective employee motivation skills; and progressive discipline strategies.	Room 107
Session 34 4:00 - 5:00	Best Management Practices for Growing Industrial Hemp in NC <i>Dr. Arnab Bhowmik, NC A&T State University, Assistant Professor</i> Industrial hemp is an emerging crop with multiple benefits including oilseeds, fiber and CBD oil. This session will provide the opportunity to exchange knowledge, experience, views and ideas on the management practices involved in industrial hemp production in a sustainable and profitable manner.	Room 108
5:00 - 6:30	Reception	Exhibitor Hall
6:30	Exhibitor Hall Closes	

6:30 - 9:00 **Presidents' Welcome** **Grand Ballroom DEF**
Ag Leaders Dinner
 Invited Elected Officials
 NC Senator *Brent Jackson* and NC Representative *David Lewis*
Rural Broadband Panel *Moderated By: Nelle Hotchkiss, Senior Vice-President of Association Services for the NC Electric Membership Cooperatives .*

SATURDAY, DECEMBER 7, 2019
BREAKFAST - 7:30 AM TO 8:30 AM
CONCURRENT SESSIONS - 8:30 AM TO 12:00 PM
LUNCH - 12:00 PM TO 1:30 PM

7:00 **Exhibitor Hall Open**

7:30 - 8:30 **Presidents' Welcome** **Ballroom DEF**
Breakfast
Keynote Address:
Mecchanization, Robotics & Artificial Intelligence for Labor Intensive Ag
Co-Moderated by Dr. Roy Beckford, Agriculture and Natural Resources Program Leader for Cooperative Extension and

Session 35 **Worker Protection Standard Compliance** **Room 106**
 8:30 - 9:30 *Natalie Gupton, AgSafe, Director of Business Services and Industry Relations*
 Are you in compliance and correctly implementing all Worker Protection Standards (WPS)? This session will breakdown WPS requirements to help navigate WPS compliance.

Session 36 **Ag Under Attack : Stand Up** **Room 108**
 8:30 - 9:30 *Jay Boyette, NC Farm Bureau, Andy Curliss, NC Pork Council, Genevieve O'Sullivan, CropLife America*
 Everyone gets their food from Ag, yet it seems like Ag is always under attack. Learn the latest update and what various organizations are doing to combat the misinformation and false perspectives in the public domain and how you can Stand Up for your industry.

Session 37 **Livestock Breeding and Selection** **Room 105**
 8:30 - 9:30 *Dr. Emily Cope, NC A&T State University, Animal Science*
 During this workshop, producers will have the opportunity to learn strategies to utilize when making breeding and selection decisions for livestock. The primary focus of the workshop will be geared towards small ruminants; however, strategies discussed will be applicable to other live stock. Areas of focus will be breed selection, reproduction, selection criteria, and management decisions. Producers will be able to evaluate animals based on performance data and records. Additionally, producers will be encouraged to share their experiences with breeding and selecting their own livestock.

Session 38 **Cucurbit Crops** **Room 107**
Allan Thornton, NCSU
 9:00 - 9:30 Production and Irrigation Management of Watermelon in Georgia, *Tim Coolong, University of Georgia*
 9:30 - 9:50 Review of the Newest Summer Squash Cultivars, *Jonathan Schultheis & Keith Starke, NCSU*
 9:50 - 10:10 Shelf Life in Cantaloupe and Yellow Squash, *Tim Coolong, University of Georgia*
 10:10 - 10:40 Postharvest Handling of Winter Squash and Pumpkins, *Penny Perkins-Veazie, NCSU*

Session 39 **Alternative Crop - Hemp Production** **Ballroom DEF**
Nettie Baugher, NCSU
 9:00 - 9:25 Variety Selection, Cultural Practices, and Production Systems in Industrial Hemp, *Angela Post, NCSU*
 9:25 - 9:50 Hemp Diseases in North Carolina, *Lindsey Thiessen, NCSU*
 10:00 - 10:30 Managing Fertility in Industrial Hemp, *Michelle McGinnis, NCDA&CS*
 10:30 - 11:00 Contracts and Legal Issues in Hemp Production, *Marnie Coit, NCSU*

Session 40 9:30 - 10:30	Wage and Hour Overview <i>Angelina Ceja, AgSafe, Director of Education</i> Make sure you understand federal and state requirements – whether or not you directly pay workers, you need to understand wage & hour rules. This session will cover pay stub requirements; recordkeeping and retention rules; providing appropriate meal and rest breaks; wage rate, overtime and piece rate calculations; and workplace condition rules.	Room 106
Session 41 9:30 - 10:30	Livestock Nutrition <i>Dr. Emily Cope, NC A&T State University, Animal Science</i> During this workshop, producers will walk through a yearly production cycle. Basic nutrition as well as nutrition for stage of production will be discussed. Producers will have an opportunity to simulate ration formation for their livestock.	Room 105
10:30 - 11:00	Break	Exhibitor Hall
11:00	Exhibit Hall Closes	
Session 42 11:00 - 12:00	H2A Labor: Cost Calculator <i>Amy Wolfe, AgSafe, President, CEO</i> In previous sessions, we reviewed regulatory requirements associated with AgLabor - in this session you will learn how to estimate the costs associated with that labor - including not just wage calculations, but also costs associated with sanitation, housing, transportation, etc.	Room 106
Session 43 11:00 – 12:00	Benefits of Plasticulture <i>Randy Fulk, NC A&T State University, Extension Specialist, Horticulture</i> Discussion of the ways growing crops on plastic mulch has been proven to increase yield, reduce chemical weed control inputs, and increase profitability of small farms.	Room 107
Session 44 11:00 - 11:30	Actions Speak Volumes: Advocacy Starts with You <i>Linda Andrews, NC Farm Bureau, Genevieve O’Sullivan, CropLife America</i> This session will focus on the importance of Ag becoming involved and how you can become involved in the regulatory and lawmaking process...as the saying goes - if you aren't at the table, you are on the menu.	Room 108
Session 45 11:30 - 12:00	Pesticide Applicators & Bees: Living in Harmony <i>Patrick Jones, NCDA&CS, Deputy Director of Pesticide Programs</i> Join us to learn about easy-to-use, reliable, accurate and secure on-line mapping tools intended to enhance communications that promote awareness and stewardship activities between producers of specialty crops, beekeepers and pesticide applicators.	Room 105
12:00 - 1:00	Lunch with Regulators <i>Beth Rodman, NCDOL– Agricultural Safety & Health, Bureau Chief</i> <i>Patrick Jones, NCDA&CS – Structural Pest Control & Pesticide Division, Deputy Director</i> <i>Richard Blaylock, USDOL – Wage & Hour, District Director</i> <i>Benji Leggett, NCDOL – Workforce Solutions Div. Agricultural Services</i>	Ballroom DEF
