It's the procedure  
 you perform only  
 once in your career.

So it's important  
 to have the right  
 people by your side.

You wouldn't walk into a complicated surgery  
 without an expert team, so why do it for this  
 once-in-a-lifetime event?

Buying or selling a practice is the largest financial  
 transaction of your life. That's why you should  
 partner with Simmons. As the most experienced  
 brokerage firm in the business, we've helped more  
 veterinarians realize their dream than any other  
 firm out there. In fact, we wrote the book on it.

We really *did* write the book on buying and  
 selling your veterinary practice. Scan the
