

The Georgia Appalachian Center for Higher Education (GACHE) is hosting a "Welcome to the State of Poverty" presentation and simulation on August 16, 2011. It will be held on the Jasper campus of Chattahoochee Technical College from 9:30-1:30 pm. We invite you and others from your school, business, and community to attend.

According to the 2010 Census, all of our GACHE high schools have an increased number of students who are economically disadvantaged and living in poverty or very near the poverty level. This poverty simulation will give you an eye-opening insight to living in poverty!

We encourage you to attend this **free**, half day workshop to better understand students as they deal with daily struggles to survive while trying to continue their education. Don't miss this opportunity to learn, share with your school and community, and keep students in school to graduate.

Attend and see if YOU could survive for one month in poverty!!

Please register **no later than August 6th** at www.gachegrants.org/workshop, or call [706-865-2141 ext 237](tel:706-865-2141) if you have questions.
