

Project Healthy Moms: Resource List for Perinatal Mood and Anxiety Disorders (PMADs)

Provided by Project Healthy Moms, Mental Health America of Georgia

Mental Health America of Georgia’s Project Healthy Moms provides this resource list of healthcare providers and outlets for self-care that specialize in providing care for pregnant or postpartum women. Please note that although seeking professional help is vital, a woman can complement her treatment plan with self-care and other support strategies. This list is comprehensive and includes many resources that may be combined.

Disclaimer: This list is intended for reference purposes only. Practitioners on this list have indicated experience and interest in PMADs; however, they have not been approved by a formal process through Mental Health America of Georgia. Therefore, inclusion on this resource list should not be considered an endorsement from Mental Health America of Georgia. Furthermore, services and information provided by these resources do not necessarily reflect the views of Mental Health America of Georgia.

Mental Health America of Georgia

Mental Health America of Georgia (MHA of Georgia) is our state's leading nonprofit organization dedicated to helping all Georgians live mentally healthier lives through education, outreach, and advocacy. Project Healthy Moms (PHM), an important initiative of MHA of Georgia, strives to increase awareness, identification, treatment, and support of perinatal mood disorders in Georgia, while also reducing the stigma associated with them. PHM hopes to achieve this goal through educational seminars for healthcare providers, students, and the general public, through the distribution of informational provider tool-kits, and through the expansion of Georgia's perinatal peer support for mothers recovering from perinatal mood and anxiety disorders.

Statewide programs *For pregnant women, new moms, and children*

In addition to the statewide peer support programs like the Project Healthy Moms Warmline and online and telephone-based resources like text4baby, there are other statewide programs in Georgia that support pregnant women, new moms, and children.

Children 1st

Children 1st identifies children who are at risk for poor health and developmental outcomes, so that needed interventions can be made to ensure the optimal health and development of the child. Participation is voluntary and there are no financial requirements for enrollment into the program. Children 1st is currently implemented in all 159 counties in the state.

Great Start Georgia

Great Start Georgia is a statewide effort, sponsored by the Governor’s Office for Children and Families. Great Start Georgia wants to be sure every child in our state gets a “great start” in life. Great Start Georgia is designed to create a community culture of care, encouragement, and support for all families before and after the birth of a child. Across hundreds of Georgia communities, services are available to ensure that these important early years are rich with opportunities for children to be educated, safe, and healthy. A free Information & Referral Center offers connections to relevant local resources and information.

Evidence-based Home Visiting Programs for children ages 0-5 include: Early Head Start - Home Based Option (EHS-HBO), Healthy Families Georgia (HFG), Nurse-Family Partnership (NFP) and Parents as Teachers (PAT).
