

**Oconee RESA Announces its
2017-2018
Reading Endorsement (Online & Blended Model)**

got books?

The Reading Endorsement enhances your knowledge and instructional skill in reading and writing beyond the foundation required of beginning teachers. This program is an online and blended model and is specifically for PreK-12 classroom teachers wishing to add expertise to their current State of Georgia Teacher Certification. The endorsement is designed to help meet the literacy needs of the students, regardless of grade level or content area. The program meets the competencies required by the Professional Standards Commission's Georgia Reading Endorsement. Emphases include understanding readers and the reading process, linking assessment and instruction, and exploring specific instructional strategies that can be applied in individual classroom contexts.

| | Dates | Course Title | Face to Face Meetings (4-9 P.M) |
|----|------------------|--|---------------------------------|
