

CCRPI Leader Academy

“Making the Most of Your 2015 CCRPI Results”

- This session will explain the most recent changes to the CCRPI Calculations.
- It will also provide an opportunity for leaders to analyze their 2015 CCRPI results.
- Participants will use several spreadsheet tools to perform analysis of their actual data.
- Participants will be shown how to identify CCRPI needs and develop targets for their next school and district improvement plans.
- Participants will be provided a power point and additional files that can be used to redeliver the training to other district and school staff.
- Participants should bring fully-charged notebook computers that have Excel. (Two or three participants from one school can share a computer.)
- Participants should also bring print outs of their 2015 CCRPI reports -- all tabs including Flags and Climate Stars if available.
- Participants should also have electronic access to their 2015 Milestones Results. (Their school’s Content Area Summary Report.
- Schools are encouraged to bring at least two people from each school.
