The Pennsylvania District Attorneys Institute is pleased to offer the 2019 Prosecuting the Drugged Driver training for law enforcement and prosecutors on Wednesday, May 8 and Thursday, May 9, 2019 in Pittsburgh, PA. This training will focus on the unique challenges of investigating and prosecuting the ever growing number of drug-impaired driving cases. The curriculum focuses on the cooperation between law enforcement and prosecutors as each learns more about how the other must proceed in a case.

The course is approved for 12 CLE credits. Because of the hands-on nature of this training, the course will be limited to 20 prosecutors and 20 law enforcement officers.

The PDAI has partnered with the PA DUI Association in presenting this course. Through this partnership, the DUI Association will be offering Law Enforcement Scholarships to interested police officers who provide a short statement describing the challenges they face with DUI-D investigations and prosecutions in their jurisdictions. Statements should be sent to Patty Blascovich, TSRP by email at pblascovich@pdaa.org.

To register, please complete and return the attached registration form, along with your food and beverage fee to PDAI headquarters no later than April 12, 2019. You can also register online at www.pdaa.org. Payment must be received prior to the course date to ensure admittance to the course.

No refunds will be issued for cancellations received after April 12, 2019. Substitute attendees, however, are permissible at any time. Scholarship recipients will be required to repay registration and any other applicable fees or costs if they fail to attend the course.
