Pictured: Cornelia Pelzer, Executive Director of the Association for the Blind; Dr. Bernard Arnold and Buffy; Helen O'Leary, Executive Director of Coastal Catholic Charities in Charleston, SC.

Dr. Bernard Arnold was recognized by Coastal Catholic Charities for his continued dedication to serving those in need through the Association for the Blind's ReFocus Mobile Eye Clinics. Every month, Dr. Arnold generously gives of his time and expertise to ensure that those in the community without insurance receive quality eye exams and glasses. Without Optometric supporters like Dr. Arnold, it would be impossible to deliver this quality of care to those underserved individuals in our community. For more information on ReFocus Mobile Eye clinics, or to find out how to get involved, call **843-723-6915** or visit **www.aftbsc.org**.

President's Message

This year the SCOPA Board has many areas of importance for SCOPA members such as our Third Party efforts, moving our profession forward through our Legislative efforts, our volunteer efforts in our communities, Board Certification preparation, Public Relations, and last but not least our Membership efforts.

Membership is about YOU! Each of YOU, the members, makes up this great association. Our goal for 2011 is to welcome 3 new members each month. We are pleased to have Anna Straub working as the SCOPA Marketing and Membership Coordinator. In her role, Anna will work closely with our Executive Director Jackie Rivers to recruit new members, support our current members and look for opportunities to market the Association and Optometry in SC. A couple of ways you can help...Reach out to any non-member you know. If you have tried to encourage a non-member to join in the past without success, please call the SCOPA office so we help to recruit them. Another way you can help is to encourage students to join SCOPA as a student member. This gets the student connected and involved early so they can experience the benefits of SCOPA membership. Don't forget to mention that student membership is free and we offer student scholarships annually.

Many of you may not know all of the ways to utilize your membership. SCOPA offers top notch CEU every year and this year we hope to exceed your expectations with Board Certification preparation course in March. Local society meetings are also an excellent way to get and stay connected and network with your colleagues. If you have insurance concerns, whether it be malpractice insurance, non-discrimination issues or parity issues, call the association office or any of the board members for direction. There may be a sales tax audit or an insurance audit you face and we want you to know that we are here to offer you assistance and support.

Our job as the SCOPA Board is to serve you, the members.

Lori R. Donovan, OD
President, SCOPA

From the American Optometric Association

AOA Fully Engaged Throughout Congress's Extended "Lame Duck" Session
 The AOA - through the efforts of affiliate leaders and staff, Federal Keypersons, AOA-PAC and the Washington Office team - has been active on Capitol Hill during Congress's post-election "lame duck" session, which stretched from mid-November until just before Christmas Eve.

As the departing 111th Congress was putting its final imprint on a number of health care policy, tax and other issues, Optometry's message was being delivered directly to the offices of U.S. Senators, House members and Obama administration officials right until the moment the final gavel came down.

Here are some key results: 1-year, \$19 billion Medicare physician payment fix; permanent exemption from burdensome Red Flags Rule; safeguarding direct access to comprehensive eye exams; and medicine-backed "Sullivan Bill" defeated for 3rd consecutive time.

To learn more, read the AOA Washington Office Wrap-up of Congress's Lame Duck Session on the News from AOA blog at: <http://newsfromaoa.org/2010/12/22/aoa-washington-office-wrap-up-of-congress-lame-duck-session/>

AOA members with questions concerning these issues, the changes that will occur in Washington when the new 112th Congress takes office on January 5th or to find out how to become more involved in Optometry's Federal advocacy efforts as an AOA Keyperson or AOA-PAC Investor, please contact the AOA Washington office directly at **800-365-2219** or **ImpactWashingtonDC@AOA.ORG**.

Lobbying Tax Deductibility UPDATE

Due to an increase in our lobbying efforts, the SCOPA was recently informed by our CPA firm that for compliance purposes for the 2010 reporting period, the non-deductible portion of your 2010 annual SCOPA dues should be increased. The portion of your 2010 dues which is allocable to lobbying is 57%. This is an increase from what was originally reported to you.

SCOPA NEWS

AOA Dues Increase

The AOA Board of Trustees has approved a dues increase of \$34.00, effective January 1, 2011. This results in a total annual dues increase of 4.42% on total AOA dues.

American Board of Optometry Board Certification Examination OVERVIEW

General Practice (160 items)

The core of the examination is based in the following ten areas of general practice.

1. Ametropia/Ophthalmic Optics (16%)
2. Pediatrics/Binocular Vision/Vision Therapy (8%)
3. Contact Lenses (13%)
4. Anterior Segment (15%)
5. Pre- and Post-operative care (7%)
6. Posterior Segment (12%)
7. Optic Nerve/Glaucoma (12%)
8. Neuro-Ophthalmic Disorders (5%)
9. Vision Rehabilitation (5%)
10. Systemic Health (7%)

Areas of Emphasis (80 items)

In addition to the core examination, each candidate will select two of the following areas of emphasis, each of which will consist of an additional 40 items.

1. Additional General Practice
2. Contact Lenses
3. Pediatrics/Binocular Vision/Vision Therapy
4. Ocular Disease Anterior
5. Ocular Disease Posterior
6. Vision Rehabilitation/Low Vision/Neuro-Ophthalmic Rehabilitation

The computer based examination will be administered at Prometric Test Centers worldwide.

- Dr. Hal Trimmer

SCOPA Member Alert – Sales Tax Audits

A number of SCOPA members have contacted the SCOPA Office recently with questions regarding calculating SC sales tax; additionally, some have been audited. We share this with you to ensure you are calculating your use tax properly. If you have any questions regarding this, please refer back to the article by *Tax Attorney Jackson Turner Vaught in the November/December Delineator: SC Sales Taxes & Optometrists: A Closer Look*. For additional assistance, you may also contact Daniel Crowson, CPA with Lowrance Cooper & Company, 803-929-0930. Lowrance Cooper & Company is the Association's CPA firm and will offer any SCOPA member a **10% discount** on their services.

SCOPA Spring Meeting

MEDICARE NEWS

Electronic health records incentives registration starts Jan. 3, 2011
CMS, ONC Outline Resources to Assist Eligible Providers

The Centers for Medicare & Medicaid Services (CMS) and the Office of the National Coordinator for Health Information Technology (ONC) recently announced the availability of registration for the Medicare and Medicaid electronic health record (EHR) incentive programs. CMS and ONC encouraged broad participation and outlined online and in-person resources that are in place to assist eligible professionals and eligible hospitals who wish to participate.

Beginning Jan. 3, 2011, registration will be available for eligible health care professionals and eligible hospitals who wish to participate in the Medicare EHR incentive program. On January 3, registration in the Medicaid EHR Incentive Program will also be available in Alaska, Iowa, Kentucky, Louisiana, Oklahoma, Michigan, Mississippi, North Carolina, South Carolina, Tennessee, and Texas. In February, registration will open in California, Missouri, and North Dakota. Other states likely will launch their Medicaid EHR Incentive Programs during the spring and summer of 2011. Eligible professionals and eligible hospitals must register in order to participate in the Medicare and Medicaid EHR incentive programs. They can do so, starting Jan. 3, 2011, at a registration site maintained by CMS.

To prepare for registration, interested providers should first familiarize themselves with the incentive programs’ requirements by visiting CMS’ Official Web Site for the Medicare and Medicaid EHR Incentive Programs. The site provides general and detailed information on the programs, including tabs on the path to payment, eligibility, meaningful use, certified EHR technology, and frequently asked questions.

CMS announced the following key dates for the Medicare and Medicaid incentive programs first year:

- Jan. 3, 2011 – Registration for the Medicare EHR incentive program begins.
- Jan. 3, 2011 – States that are ready may launch their incentive programs for Medicaid providers.
- January 2011 – Some state agencies begin issuing Medicaid EHR incentive payments.
- April 2011 – Attestation for the Medicare EHR incentive program begins.
- May 2011 – Issuing of Medicare EHR incentive payments expected to begin.
- July 3, 2011 – Last day for eligible hospitals to begin their 90-day reporting period to demonstrate meaningful use for the Medicare EHR incentive program for federal FY 2011.
- Sept. 30, 2011 – Federal FY 2011 payment year ends at midnight for eligible hospitals and critical access hospitals (CAHs).
- Oct. 3, 2011 – Last day for eligible professionals to begin their 90-day reporting period for calendar year 2011 to demonstrate meaningful use for the Medicare EHR incentive program.
- Nov. 30, 2011 – Last day for eligible hospitals and CAHs to register and attest to receive an incentive payment for federal fiscal year 2011.
- Dec. 31, 2011 – Calendar 2011 payment year ends for eligible professionals.

Under the Health Information Technology for Economic and Clinical Health Act (HITECH), part of the American Recovery and Reinvestment Act of 2009, Medicare and Medicaid incentive payments will be available to eligible professionals, eligible hospitals, and critical access hospitals (CAHs) when they adopt certified EHR technology and successfully demonstrate “meaningful use” of the technology in ways that improve quality, safety, and effectiveness of patient-centered care.

Professionals who meet the eligibility requirements for both the Medicare and Medicaid EHR incentive programs must select which program they wish to participate in when they register. They cannot participate in both programs; however, after receiving payment, they may change their program selection once before 2015. Hospitals that are eligible for both programs can receive payments from both Medicare and Medicaid.

Some states will launch their Medicaid EHR incentive programs beginning Jan. 3, 2011, but most will launch their programs during the spring and summer. Eligible providers with questions about their state’s launch date should contact their state Medicaid agency. Eligible providers seeking to participate in the Medicaid programs must initiate registration at CMS’ registration site but must complete the process through an eligibility verification site maintained by their state Medicaid agency.

Under the EHR incentive programs, eligible professionals can receive as much as \$44,000 over a five-year period through Medicare. For Medicaid, eligible professionals can receive as much as \$63,750 over six years. Under both Medicare and Medicaid, eligible hospitals may receive millions of dollars for implementing and meaningfully using certified EHR technology.
