

Did You Know?

This year's JUBILEE theme is "Live, Learn and Experience The Legacy." This year, we want to highlight the historical aspect of the JUBILEE, and the legacy that our longtime JUBILEE family will be passing down for generations to come with your family-owned businesses. We are excited for this year's show and for us to experience all aspects of the history of the JUBILEE.

Back By Popular Demand!

The camel rides, petting zoo and baby animals are back! Our cute and cuddly friends have been quite the buzz around the tradeshow circuit and just as many adults rode the camels as the kids! All of the family entertainment in the hall will be on both days of the show.
